## PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building web applications using Next.js, React.js, Node.js, Express.js, and MongoDB. Comfortable developing responsive user interfaces, implementing server-side functionality, and working with database-driven features. Brings a practical front-end foundation and a collaborative approach to delivering reliable web experiences.

## TECHNICAL SKILLS

Next.js • Node.js • Express.js • MongoDB • React.js • JavaScript • HTML5 • CSS3 • Tailwind CSS • Bootstrap • jQuery • REST APIs

## PROFESSIONAL EXPERIENCE

### Full Stack Developer | Odd Coders | Dec 2024 – Present

• Build and maintain web application features using Next.js and the JavaScript ecosystem.

• Develop server-side functionality and REST-oriented application logic with Node.js and Express.js.

• Work with MongoDB to structure, store, and retrieve application data.

• Connect front-end experiences with back-end services and support end-to-end feature development.

### Jr. Front-End Developer Intern | Maxgen Technologies Pvt. Ltd. | Apr 2024 – Oct 2024

• Developed responsive user interfaces and reusable front-end components using React.js.

• Built interactive pages with HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS.

• Worked with team members to refine layouts, improve usability, and complete assigned development tasks.

### Stock and Service Coordinator | Eureka Forbes Ltd.

• Coordinated service requests and technician scheduling to support timely customer service.

• Managed incoming and outgoing stock records and monitored inventory accuracy.

• Helped streamline service-request processes and day-to-day coordination.

## EDUCATION

**Bachelor of Computer Applications (BCA)** — Experimental College of Education, Pratij, Gujarat | Jun 2024 – Present
